## PROFESSIONAL ENGINEER ENDORSEMENT

I hereby certify that I am a Registered Professional Engineer in the State of Florida and currently practicing as the principal of Hagen Consulting Services, LLC.

Hagen Consulting Services, LLC is authorized via Registry No: 27955 to operate as an Engineering Business by the Florida Board of Professional Engineers, State of Florida, Department of Professional Regulation.

I have prepared the evaluation, findings, conclusions, recommendations, and professional opinions/advice contained in this document. My endorsement constitutes my approval of these items.

**PROJECT:** WildFlowers Music Festival  
**LOCATION:** Melrose - Alachua County, Florida  
**CLIENT:** WildFlowers Music Park

The results contained in this report were developed using procedures and references standard to the transportation engineering practice. These references and procedures were applied using professional judgment and experience.

## INTRODUCTION

Hagen Consulting Services, LLC is assisting WildFlowers Music Park, Inc with a traffic study for the proposed WildFlowers Festival of Music & Dance scheduled for March 13-15, 2026 in Alachua County, Florida. The proposed festival is anticipated to have food vendors, arts & craft vendors, wellness practitioners, and other booths in addition to live music performances. The schedule will also include nature walks as well as workshops on music, art, dance, and wellness activities. The festival location is shown in **Figure 1** below.

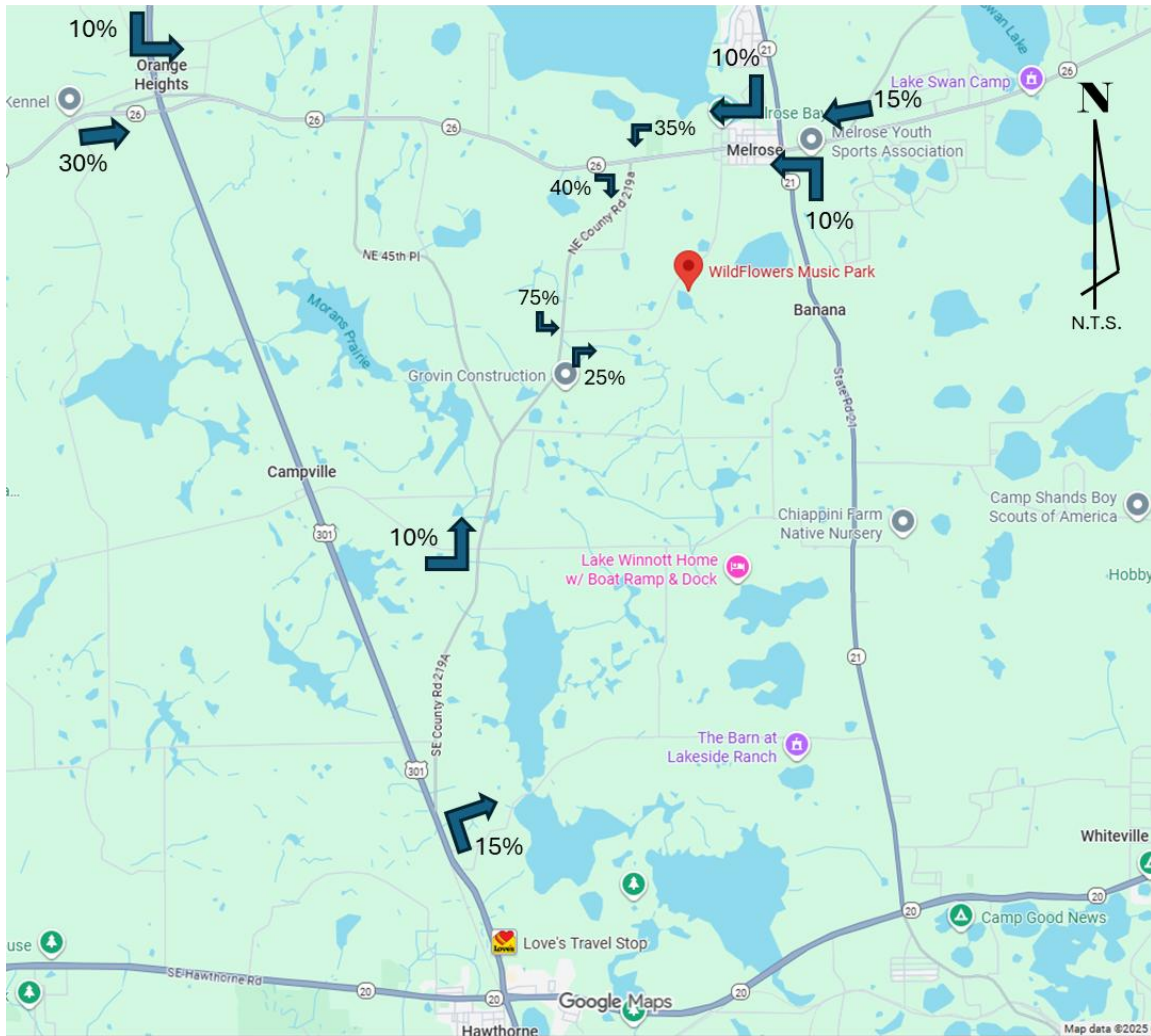

*Figure 1 - Festival Location Map*

The preliminary schedule for the festival is included as **Appendix A**.

**ANTICIPATED TRIP ARRIVAL DISTRIBUTION**

Being that this is the inaugural festival event at the WildFlowers Music Park, a preliminary estimate of where trips are likely to originate from was developed based on engineering judgment and discussions with the park staff. The preliminary trip distribution is shown in **Figure 2** below:

*Figure 2 - Estimated Arrival Distribution*

All festival traffic is planned to enter and exit via NE 35<sup>th</sup> Avenue via County Road 219A. The festival planners, in coordination with Alachua County Public Works, are planning to make every effort to discourage traffic from using Quail Street to access the Music Park. Additional details related to this can be found in the proposed Traffic Control Plan which is included as **Appendix B**.

## EXISTING TRAFFIC CONDITIONS

Existing traffic data was collected at the intersection of State Road 26 and County Road 219A and at the intersection of County Road 219A and NE 35<sup>th</sup> Avenue. At both of these locations, 72-hours of traffic data was collected covering a Thursday, Friday, and Saturday. These existing raw traffic numbers collected in November 2025 then are adjusted using the weekly adjustment factors from the Florida DOT Peak Season Factor Category Report for Alachua County to reflect the anticipated traffic in the March 13-15, 2026 timeframe of the festival. The raw traffic count information and the highlighted peak season adjustments are included as **Appendix C**. The adjusted 72-hour traffic count data is shown in **Figure 3** below:

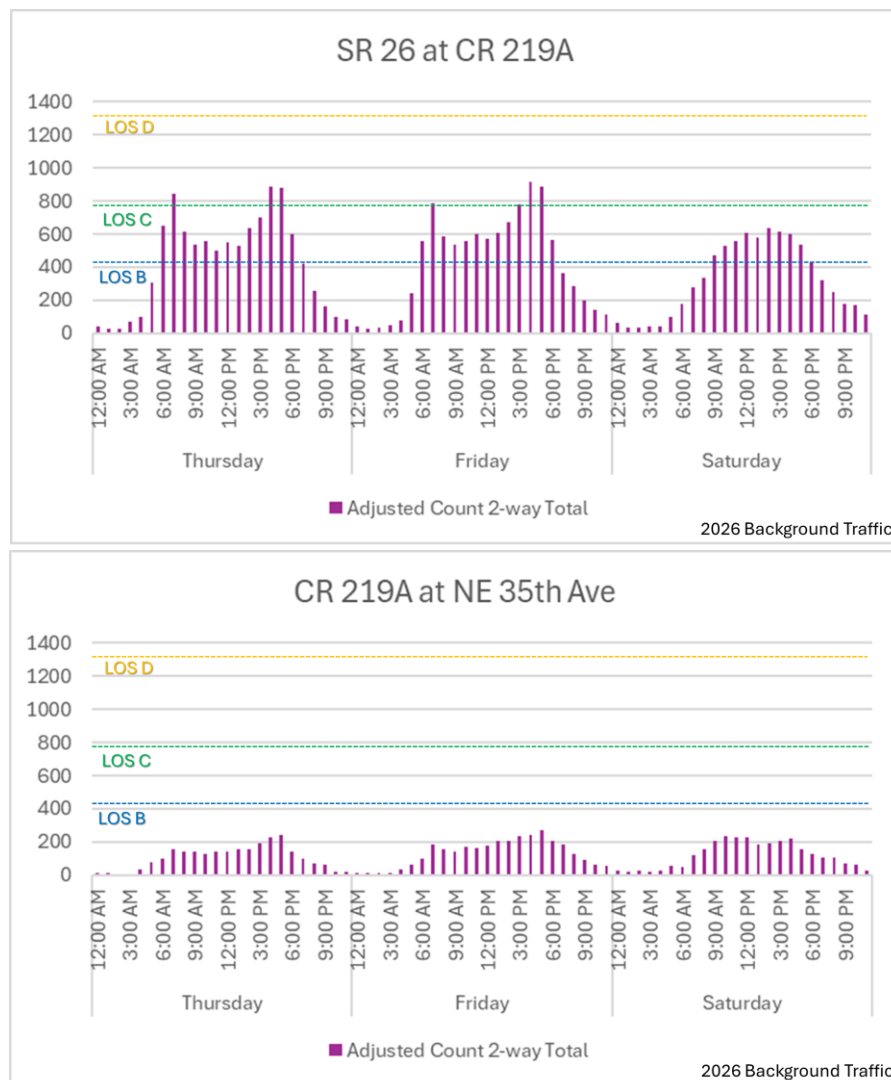

Figure 3 - Adjusted Traffic Volumes

## ANTICIPATED FESTIVAL TRAFFIC

Alachua County has capped the maximum daily attendance at 5000 attendees. However, the festival planners anticipate that the first year of the festival should see a total attendance of less than 2000 attendees. It is important to note that all traffic to and from the festival will be parked on-site and will be accessing the site from NE 35<sup>th</sup> Avenue. Therefore, 100% of the festival traffic will be added to the adjusted traffic numbers to examine the impacts of festival traffic on County Road 219A. Based on the preliminary distribution percentages, 75% of the festival traffic will be to / from State Road 26, so 75% of the festival traffic is added to the adjusted traffic numbers on State Road 26.

Based on the anticipated festival schedule shown in Appendix A, with the gates opening at 9AM each morning and activities throughout the day with music typically starting in the afternoons, it is presumed that 15% of the daily arrivals will arrive between 9 – 10 AM, 10% each hour from 10 AM – 5 PM, and 15% of the daily arrivals will arrive between 5 – 6 PM. With the music ending at 10 PM on Thursday and Friday, it is assumed that 20% of the exiting traffic will exit between 9 – 10 PM, 60% will exit between 10 – 11 PM, and 20% will exit between 11 PM – 12 AM. On Saturday, the music ends at 11 PM, so it is assumed that 10% will exit between 9 PM – 10 PM, 20% will exit between 10 PM and 11 PM and 70% will exit between 11 PM and 12 AM.

For this analysis, two scenarios will be evaluated: a total festival attendance of 2,000 people, and a total festival attendance of 5,000 people. In each of these scenarios, it is presumed that the average occupancy is two people per vehicle. Based on data obtained from similar festivals, it is anticipated that 35% of the tickets sold will be 4-day tickets, 4% will be for Thursday only, 20% will be for Friday only, 36% will be for Saturday only, and 5% will be for Sunday only. Thus, the most critical day will be Saturday which is expected to have the Saturday ticket holders as well as the 4-day ticket holders. The impact of the festival traffic on the intersections is shown in **Figure 4** and **Figure 5**.

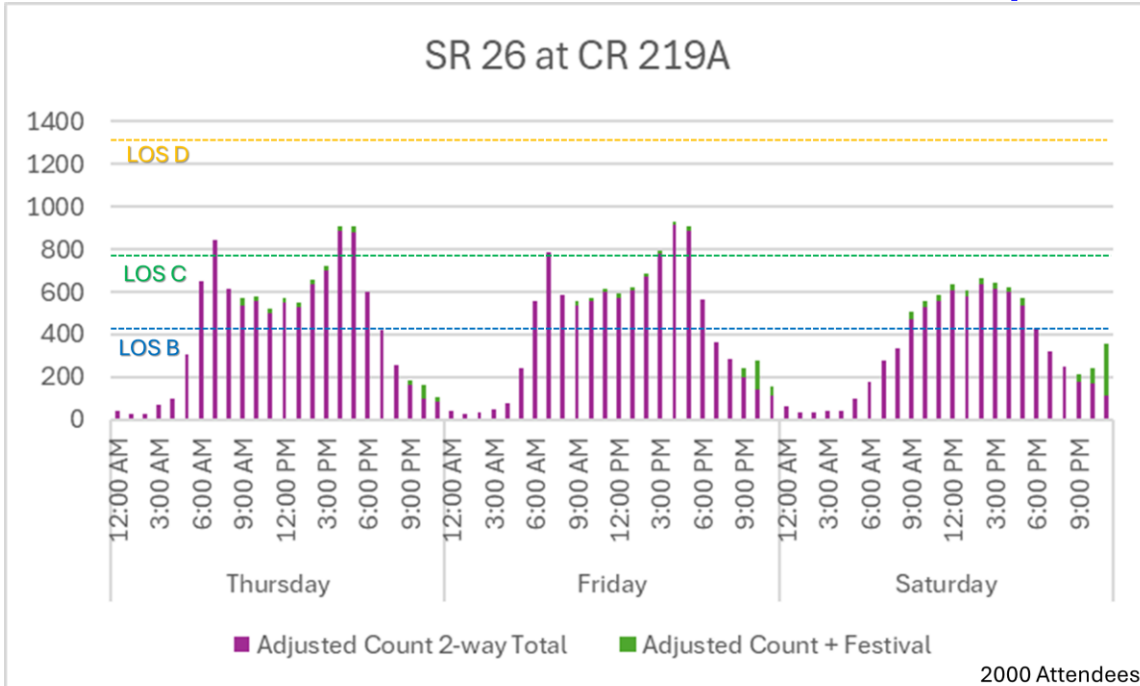

Figure 4 - Traffic Impacts With 2000 Attendees

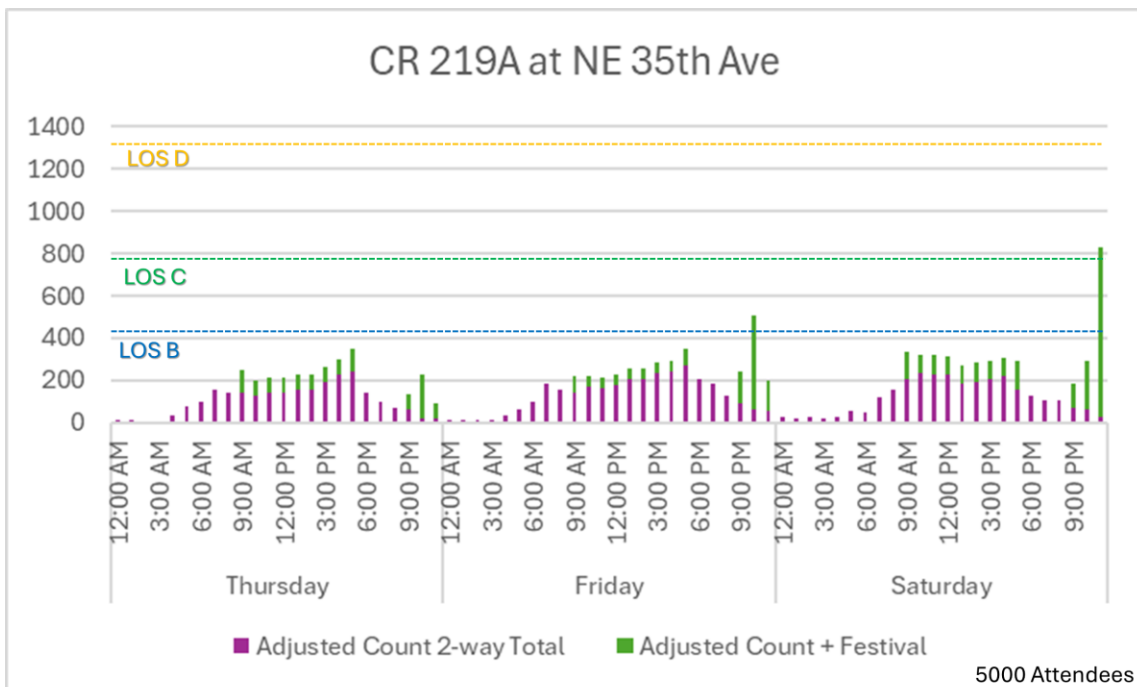

Figure 5 - Traffic Impacts With 5000 Attendees

In all of these figures, the Level of Service (LOS) thresholds from FDOT’s 2023 *Multimodal Quality / Level of Service Handbook* are shown to illustrate the anticipated LOS that should be experienced with the addition of the festival traffic. No capacity failures are reflected or anticipated based on the addition of festival traffic.

## CONCLUSIONS AND RECOMMENDATIONS

Based on the foregoing data and analysis provided, the following conclusions and recommendations are offered:

### Conclusions:

- The proposed WildFlowers Music Festival is not anticipated to create roadway capacity problems on the surrounding roadways. There will be no LOS E or LOS F conditions resulting from the addition of festival traffic.
- Alachua County Sheriff's Office deputies should be on standby to serve as traffic control officers at the end of the festival on Saturday evening. Deputies should also be available on standby for traffic control in the event of a storm or other unanticipated event that would result in a sudden departure of large volumes of traffic.

### Recommendations:

- Approve the permit for the WildFlowers Music Festival for February 2026.

# **APPENDIX A: PRELIMINARY SCHEDULE**

**WILDFLOWERS MUSIC PARK**  
**Festival schedule (for transportation planning)**

**Thursday, March 12, 2026**

Gates open at 9am for campers and vendors who want a day to set up their site.

Most vendors will arrive this day: there will be up to 10 food vendors; 15 arts & craft vendors; 15 wellness practitioners, and 15 other booths (non-profits, government agencies, etc.). Most of these will come in two or three vehicles each, and some will be campers.

There will be a few small activities such as nature walks, music workshops, etc. in the afternoon

There will be a reception/dinner that evening with some light entertainment such as a stargazing to music that ends by 10pm

**Friday, March 13, 2026**

Gates open at 9am.

Most ticketed all-day attendees and campers will arrive this day. Campers are discouraged from driving off-site after dark (they will have to park remotely upon return), as there is no driving in the campgrounds or festival village after dark other than festival officials who are mostly in golf carts.

Morning events are music, art, and dance workshops, games, nature walks, wellness activities, etc. Music starts in the early afternoon, around 2 pm and goes until 10pm.

**Saturday, March 14, 2026**

Gates open at 9am.

This is the day that usually has the most single-day tickets, and features the headliners.

Morning events are music, art, and dance workshops, games, nature walks, wellness activities, etc. Music starts in the early afternoon, around 1 pm and goes until 11pm.

**Sunday, March 15, 2026**

Gates open at 9am.

Morning events are music, art, and dance workshops, nature walks, wellness activities  
Music starts in the early afternoon, around 1 pm and goes until 10pm.

About half of the campers leave at some point during the day.

## **Monday, March 16, 2026**

The remainder of the campers leave, as they are to be cleared out by 2 pm.  
Vendors and others leave.

### **Notes:**

**Attendance:** The County permit application caps daily attendance at 5000. An estimate of the maximum daily attendance at this new festival is 2000. Traffic modeling will use both figures as the top and bottom of the range. Daily and All-Day Tickets have been provided from the last few years of the Shakori GrassRoots Festivals, which is the closest analog to this festival.

**Campers:** The number of campers is usually about half of attendees for mature festivals; for new festivals like ours, this will be lower, such as 1/3. All camping passes are for the entire festival, although a few attendees will stay for a shorter period, which is usually weather dependent.

### **Vendors:**

Many camp at their vending site, as their spaces are large enough for a van or tent.

### **Musicians:**

Performers tend to arrive a few hours before their appearance and leave a few hours afterwards. If there are 70 total acts averaging four performers each, that is 280 performers. Perhaps a dozen will have tour buses/campers, but most will arrive in vans.

### **Neighbor passes:**

Two all-event tickets are being provided to each property owner within 1500 feet; this is approximately 40 households. Most will walk, come in golf carts, or use the day parking.

### **No parking:**

A rumor about parking issues around festivals is already causing neighbors to post No Parking signs in front of their property. Our plan needs to emphasize that all festival related parking is on-site (it's a County requirement), We also want to discourage people from selling parking in their yards, as the lack of adequate pedestrian facilities would make it uncomfortable and dangerous to walk to the festival, as our entrances are internal to the festival site.

### **Prepared by:**

Jordan Puryear and Robert Hutchinson

# **APPENDIX B: TRAFFIC CONTROL PLAN**

# WildFlowers Music Festival

Melrose, Florida

March 12-15, 2026

PROJECT  
LOCATION

ENGINEER OF RECORD:  
Lawrence T. Hagen, P.E.  
P.E. License Number 43968  
Hagen Consulting Services, LLC  
361 Strawder Road  
Ray City, GA 31645  
(229) 237-3269

**General Notes**

ALL TRAFFIC CONTROL DEVICES SHALL BE ON FDOT APPROVED PRODUCTS LIST.

PORTABLE CHANGEABLE MESSAGE SIGNS (PCMS) SHALL BE INSTALLED AND USED IN ACCORDANCE WITH FDOT STANDARD PLANS AND DESIGN CRITERIA.

PERIODICALLY AS NECESSARY TO CONTROL DUST ON NE 35<sup>TH</sup> AVENUE, WATER TRUCKS SHALL BE UTILIZED THROUGHOUT THE DURATION OF THE MUSIC FESTIVAL.

THE ANTICIPATED SCHEDULE FOR THE MUSIC FESTIVAL IS AS FOLLOWS:

- THURSDAY, MARCH 12, 2025
  - 9:00 AM – GATES OPEN
  - VENDOR SETUP
  - EVENING RECEPTION / DINNER
  - 10:00 PM – MUSIC ENDS – END OF DAY 1
- FRIDAY, MARCH 13, 2025
  - 9:00 AM – GATES OPEN
  - MORNING WORKSHOPS AND ACTIVITIES
  - 2:00 PM – MUSIC STARTS
  - 10:00 PM – MUSIC ENDS – END OF DAY 2
- SATURDAY, MARCH 14, 2025
  - 9:00 AM – GATES OPEN
  - MORNING WORKSHOPS AND ACTIVITIES
  - 1:00 PM – MUSIC STARTS
  - 11:00 PM – MUSIC ENDS – END OF DAY 3
- SUNDAY, MARCH 15, 2025
  - 9:00 AM – GATES OPEN
  - MORNING WORKSHOPS AND ACTIVITIES
  - 1:00 PM – MUSIC STARTS
  - 10:00 PM – MUSIC ENDS – END OF DAY 4

NO OFF-SITE PARKING WILL BE PERMITTED. ALL FESTIVAL PARKING WILL BE WITHIN THE CONFINES OF THE WILDFLOWERS MUSIC PARK.
